

RAIDED BY RUSTLERS

Battle Between Cowboys and Robbers' Roost Outlaws.

RECOVERED THE CATTLE

TWO OF THE RUSTLERS WERE CHASED SIX MILES.

Then the Cowboys Ran Into Six More and Were Forced to Retire—San Rafael Reef the Scene of the Trouble—Photo Fakirs in Jail at Butte—News of the State.

Emery, April 19.—A couple of days ago two cowboys from this place found two rustlers rounding up a small bunch of cattle. They exchanged shots and chased the rustlers about six miles, when they ran into six more, who opened fire on them with rifles, and the boys had to leave.

The boys got the cattle and brought them back. The place where this happened is about 35 miles south and east of here, in the San Rafael Reef, about four miles north of the box of the Muddy canyon. The cattle belonged to the Ireland cattle company.

COURT AT PANGUITCH.

McCune Surrenders Himself—Lee and Spencer Sentenced.

Panguitch, April 19.—The April term of the Sixth judicial district court for this county closed today. Business was transacted as follows:

Frank Lee, convicted of horse stealing at this term, was sentenced to two years' confinement in the state prison. The bonds of David McCune, \$1,500, were declared forfeited, defendant not having appeared to have sentence imposed. He was convicted of assault with intent to commit rape, and sentenced to 18 months in the penitentiary.

Attorney Critchlow of Salt Lake City has telegraphed the county attorney that McCune has surrendered himself.

Brigham Spencer appeared this morning and was remanded into the custody of the sheriff, to be taken to the state prison. There to complete his sentence of one year, the serving of which was interrupted when he succeeded in perfecting the appeal of his case in July last.

The Smith and Mott grand larceny case demurred to the information. The demurrers raised many questions, chief among which was the one relating to the repeal by the new code of that section of the old law which made the stealing of cattle grand larceny, irrespective of the value of the property.

The case was held for the next term, hence the question affecting the politics of the jury commissioners for this county was not settled.

Judge McCarthy, stenographer Rollo and lawyers Bean and Childers started for Kanab today. The April term of court for Kane county should have opened today. It will be two days late, however, in opening, owing to the fact that business here detained the judge longer than was expected.

Sheriff Levy starts for Salt Lake on the morning of the 20th to take Spencer and Lee to the pen.

PHOTO FAKERS.

Men Who Victimized Logan Are in Jail at Butte.

Logan, April 21.—Sheriff Turner has returned from Butte, Mont., where he went a few days ago, in search of two individuals named Webster and Montgomery, who, under the guise of photo enlarging agents, duped quite a number of people in this vicinity. They also jumped their board bill at Fred Smith's boarding house. Mr. Turner found him in jail at Butte, on a charge of obtaining money under false pretenses, and as it would be very expensive to fetch them back, the sheriff concluded to let them remain there and take their punishment.

There was considerable indignation expressed here, because of the failure of the salt lake papers to turn up today. Everybody is hungry for war news, and they were decidedly disappointed when they found the papers had not been back. Just how fault it was can not be learned. The papers were either

not put on the train on time, or else were carried on up to Preston.

WANTS A PARDON.

L. H. Norman, who was convicted last year of adultery, and whose case was recently passed upon by the supreme court, which affirmed the decision of the lower court, and the sentence of one year's imprisonment, is circulating a petition in the county, asking the governor to pardon him, and it is said that he has secured the signatures of some influential citizens. There will be a storm of protests from citizens here, when the fact becomes known.

SALE OF BEAR RIVER CANAL

BIG DITCH DISPOSED OF BY THE SHERIFF.

Bid In By Garland's Agent to Satisfy His Judgment of \$151,808—Further Proceedings Promised.

Brigham City, April 21.—The event of the day has been the sale of the Bear River canal under the William Garland claim. Attorney W. L. Magnuson of Ogden and A. C. Laird of California, were here to look after Mr. Garland's interest. Attorney T. D. Johnson represented the canal company. At 12 o'clock Sheriff Davis with the voluminous decrees and notices in his hands, stepped upon the porch in front of the court house and began reading. It took over 30 minutes to read the decrees of the courts. Then Attorney Johnson objected to any further proceedings, stating that the defendant had filed a bond in the sum of \$25,000, as decreed, and that should stop all proceedings. He stated that the court would hold the sheriff responsible for damage by reason of said sale.

Magnuson demanded that the sheriff proceed with the sale. So, remarking that he was placed between the devil and the deep sea, the sheriff called for bids. A. C. Laird, for William Garland, bid \$151,808.63, and the property was declared sold to him. James J. White, who held the canal, was expected to have the sale set aside.

Ten flags were raised on public and business buildings today to show the patriotism of our citizens.

The county has had 25 branding irons made, the letters being S U, and they will be distributed to the justices of the peace to brand animals in estray pens.

MT. PLEASANT NOTES.

Tree Shattered By Lightning—A Colonization Scheme.

Mr. Pleasant, April 21.—During a severe electrical storm, which occurred here last evening, lightning struck and shattered a shade tree standing a few yards from the dwelling house of Morris Rolph.

Information was brought from Moroni this morning of the serious injury last evening to the residence of a young man of this city, who is at present employed in a barber shop there. He was riding a frantically horse, and the animal, breaking his collar bone and otherwise injuring him.

A. B. Williams received notification from the grand lodge, I. O. O. F., now in session, that one of the appointive offices in that organization had been tendered him. Inducements being held out by railroad companies are attracting much attention here to a scheme for colonization of a fertile portion of western Canada. Large sums of money are being offered to settlers, and very cheap land, to be received in compensation by bona fide settlers, for labor performed in assisting in the running of a large canal to the scene of the proposed location of the colony, and in procuring the necessary work. A number of Mt. Pleasant people are figuring on disposing of their property here and taking advantage of the offers. Two families, those of Alfred Garner and S. J. Gilman, will probably go in the immediate future.

ASSAULT CASE AT MOAB.

James Buhos Tried For Beating a Saloonkeeper.

Moab, Grand County, Utah, April 18.—The case of the state vs. James Dubois has been on trial in the seventh district court today before Judge Jacob Johnson and a jury. Dubois is charged with assault, with a deadly weapon with intent to do bodily harm, the alleged victim being one M. M. Riley, a saloonkeeper. The evidence was very convincing, the prosecuting witness claiming on the stand that the assault was practically unprovoked and that Dubois attacked him, beat him over the face and head with a revolver, inflicting three severe wounds, and left him in an almost unconscious condition. The defendant testified to an almost entirely different state of facts. According to his testimony, upon the afternoon in question he and Riley had a dispute over a small account which the saloonkeeper had against him. During the discussion Riley used some very hard language towards Dubois, whereupon Dubois left the saloon for the purpose of raising the money to pay off his whisky debt. Returning shortly afterwards with the money he tendered it to Riley, who refused to accept it on the ground that the amount was insufficient. Riley again abused him, and after calling him a number of vile names, hit him a blow on the side of the head. The defendant then in self

defense, drew his revolver and struck Riley a couple of blows over the head. The jury failed to agree and were dismissed after being out all night.

A FAMILY ROW.

Springville Man Arrested On His Son-in-law's Complaint.

Springville, April 21.—Last Tuesday C. W. Holmes was arrested by Marshal Gemmell on complaint of his (Holmes') son-in-law, Walter A. Ellis, and this morning was the time set for trial. Ellis alleged that Holmes drew a gun upon him and threatened to blow his brains out, in the event of Ellis not modeling his future conduct after a certain standard. The matter was settled out of court, and Holmes appeared this morning before Justice Thorne and paid the costs of arrest. The affair appears to have been a family jangle over a horse a somewhat vexed to the heavy rainfall last night and this morning has been the means of saving the beet crop here this season. Seeding had been stopped on account of the dry weather, the seed failing to sprout because of the lack of moisture.

DIVORCE CONTEMPT CASE.

H. G. White Has Not Paid the Alimony—Provo Indictments.

Provo, April 21.—The court today made an order permitting the decree of divorce rendered in the case of Roxa White against H. G. White to be entered nunc pro tunc. The hearing was had June 2, 1897. This proceeding is preparatory to a contempt proceeding which was instituted today against White by his former wife. Certain alimony was decreed to the plaintiff, which the defendant has refused to pay. The court is asked to cite White to appear and show cause why he is not in contempt of the court by reason of his failure to pay the alimony.

The grand jury presented two more indictments to the court this morning, which were filed with the clerk, and warrants for the arrest of the parties indicted were issued to the sheriff. The grand jurors spent a part of the forenoon in inspecting the county jail, and this afternoon are visiting the asylum. No report upon the condition of the public institutions in this county is expected until the jury has completed its labors.

Sarah Brandt of Pleasant Grove, who was indicted by the grand jury of the county for the crime of fornication, was arrested by the officers last night.

FILLMORE'S PROGRESS.

New Meeting House and Many Dwellings to Be Built.

Fillmore City, Utah, April 20.—The Fillmore meeting house committee met last night and formulated a plan upon which to work in the erection of a new meeting house. A brickyard was started this morning that will be actively worked until the required amount of brick are made. The corner stone for the corner-stone will be laid some time the latter part of this week.

Editor L. W. Galsford of the Millard Progress, Saturday, April 17, writes from the north, where he will sojourn for about two weeks.

The number of residences in Fillmore will be increased by at least ten this spring. All are neat brick houses.

FORNICATION CASES.

Two Arrests Made Under Utah County Indictments.

Provo, April 21.—John Brandt, indicted for fornication, was arrested at Mercur and brought to Provo today. The parties were at one time married, but obtained a divorce, and then went to living together again. Rose Brandt was arrested at Lake Shore today on the charge of fornication, alleged to have been committed with her stepson, Henry Brandt.

ACTION FOR SUPPORT.

Mrs. Hines of Provo Sues Her Husband.

Provo, April 20.—Kitty A. Hines has brought suit against Russell R. Hines, her husband, to compel him to support her. The parties were married in 1876, and have five children. In 1896 divorce proceedings were commenced by Mrs. Hines, but it was amicably settled upon the husband's promise of support. It is for alleged violation of the agreement that the suit is made. She asks for \$100 attorney's fees, \$100 for support pending the action, and \$100 per month after the suit is decided. The defendant is one of the most prominent business men of Provo.

MT. PLEASANT FOR WAR.

Flags Are Flying and the People Are Enthusiastic.

Mt. Pleasant, April 21.—The news this afternoon of the opening of hostilities was enthusiastically received by the people of this city and flags were soon floated from the school house and the public staff. Flags are also being hoisted on business houses. The people are a unit in their feeling, and the people are arousing lively and interesting discussions.

Park City Notes.

Park City, April 21.—Mr. J. E. Booth and J. J. Thorne, of the state board of equalization, arrived in the Park this morning and drove to Heber this afternoon on official business.

Mr. L. E. Hubbard returned home this morning from Salt Lake, where, at the session of the I. O. O. F. grand lodge, he was honored with an election to the office of deputy grand master. Mr. Hubbard is a member of Olive Branch A. F. of Park City.

Mr. and Mrs. F. J. McLaughlin left

turned from the city this morning, where they attended the funeral of Mrs. McLaughlin's sister, Mrs. Carey Street. W. S. Tolles departed last night for San Francisco.

Malicious Mischief Charged.

Marysville, April 20.—Andrew Larsen, who has been laboring here for the past year as a timber and tie man, was today arrested at the instance of a man named Monroe, charged with malicious mischief by the cutting and removing of timber from the Columbia mining claim, the property of Monroe. H. Van Martin will appear for the defendant when the case is brought for trial next Monday. The defense claims that Monroe has no property in the premises.

Fire at Sandy.

Sandy, April 21.—The barn of Martin Gunnerson, on the west side of Sandy, was destroyed by fire tonight. Two cows and some pigs were roasted in the flames.

The blaze created great excitement, and only the work of citizens prevented the destruction of Mr. Gunnerson's home and other dwellings. The loss is about \$225, uninsured. The cause of the fire is not known.

Removing to Canada.

American Fork, April 21.—The people of this vicinity still continue to remove to Canada. Last Sunday the family of Amos Mercer started for Cardston, Alberta, in company of Charles McCarty, who had been visiting his old friends here for several weeks. Joseph Benson, James S. Farrell and Benjamin Ferrel of Alpine, left Monday for the same place, and Daniel Johnson and family follow them Saturday.

A DISASTROUS CONFLAGRATION.

Greatest In Vancouver Since the Memorable Fire of 1886.

Vancouver, B. C., April 21.—Not since Vancouver was destroyed by fire in 1886 has there been such a conflagration as took place early this morning. The fire started in one of the buildings on Stinson's wharf and soon assumed disastrous proportions.

The entire fire brigade of the city was quickly on the ground, but the fire had obtained so firm a hold and burned so fast and furiously that it was soon seen that the buildings on Stinson's wharf were doomed. A number of Canadian Pacific cars filled with valuable freight standing on sidings soon became a prey to the flames.

The burning mass covered an area of about 250 by 75 feet. No estimate of the damage has yet been made, as it is not fully known what was destroyed.

Terms Accepted, Labor Resumed.

Cleveland, April 21.—The 1,000 wire drawers of the H. P. Nail company have accepted the terms even though the newly organized American Steel and Wire trust, which controls the mills and work will be resumed as soon as the necessary repairs are made in the mill.

NEW MEDICAL DISCOVERY.

A Positive Cure for Dyspepsia.

This may read as though we were putting it a little strong, because it is generally thought by the majority of people that dyspepsia in its chronic form is incurable, or practically so. But we have long since shown that dyspepsia is curable, nor is it such a difficult matter as it first appears. The trouble with dyspepsia is that they are continually dieting, starving themselves, or going to opposite extremes, or else deluging the already over-burdened stomach with purgatives. After a time the system, which invariably increases the difficulty, even if in some cases they do give a slight temporary relief. Such treatment of the stomach simply makes matters worse. What the stomach wants is a rest. Now, how can the stomach become rested, recuperated, and at the same time the body nourished and sustained?

This is the secret, and this is also the secret of the uniform success of Stuart's Dyspepsia Tablets. This is a comparatively new remedy, but its success and popularity leaves no doubt as to its merits. The tablets will digest the food any way, regardless of condition of stomach.

The sufferer from dyspepsia, according to directions, is to eat an abundance of good, wholesome food, and use the tablets before and after each meal, and the result will be that the food will be digested, no matter how bad your dyspepsia may be, because, as before stated, the tablets will digest the food, even if the stomach is wholly inactive. To illustrate our meaning plainly, if you take 1,800 grains of meat, eggs, or ordinary food, and place it in a temperature of 35 degrees, and put with it a small quantity of Stuart's Tablets, it will digest the meat or eggs almost as perfectly as if the meat was enclosed within the stomach.

The stomach may be ever so weak, yet these tablets will perform the work of digestion, and the body and brain will be properly nourished, and at the same time a radical, lasting cure of dyspepsia will be made, because the much abused stomach will be given, to some extent, a much needed rest. Your druggist will tell you that of the many remedies which have been tried, none of them has given so complete and general satisfaction as Stuart's Dyspepsia Tablets, and not least in importance in these hard times, is the fact that they are so cheap, and give the most good for the least money.

A little book on cause and cure of stomach trouble sent free, by addressing Stuart Co., Marshall, Mich.

WORLD IN TWO GREAT CAMPS

FINAL OUTCOME OF HISPANO-AMERICAN WAR.

Opinions of An Austrian Scholar and a German Publicist—Pan-Americanism and Pan-Slavism.

Berlin, April 21.—Professor Brumentritt, a leading Viennese scholar and politician, said to the New York World correspondent:

"The sympathies of Europe with Spain do not express admiration of her colonial administration, but are rather the instinctive expression of a presentiment that the victory of America will be the beginning of Americanizing European institutions."

"Pan-Americanism is not a sentiment entertained by scholars and enthusiasts as Pan-Slavism is, but a carefully calculated affair, resting on self-interest, having for its object business, and business alone. Already the republics of America have fallen under the influence of United States capital."

"I cannot account for the friendly attitude of England. If England would only join the rest of the powers in sympathy with Spain, something might be done to check the American policy."

"In conversation with an eminent and widely known German publicist, the World asked him what he thought of the situation, and did he think England and the United States would be drawn closer together."

"Yes, most emphatically so," he replied. "That will be a combination which will be invincible."

"Europe is setting down under Russian rule, or under Russian influence in her methods of government. Freedom will be represented by England and the United States, and autocracy and militarism by the rest of Europe."

"The Spanish-American troubles, I believe, will draw England and the United States nearer, and will help to divide the world into the two great camps which I have mentioned."

PRINCIPLES OF NEUTRALITY.

Timely Queries Answered in the British House of Commons.

London, April 21.—A statement in parliament that the United States will adhere to the treaty of Paris regarding neutral vessels was cheered. No answer has been received from Spain.

Michael Davitt, Irish Nationalist, asked whether the government would consider the advisability of notifying the British colonies and her merchants that coal must be considered contraband of war during the continuance of hostilities between Spain and the United States. Mr. Balfour replied:

"Her Majesty's government cannot lay down the principle that coal is contraband in the way suggested. There is no doubt that it very frequently is contraband, but not of necessity or under all circumstances."

Mr. Balfour added: "The treaties of 1765 and 1793 between Spain and the United States affirming between themselves the principle that a neutral flag covers the enemy's goods, are still in force."

"Whether a steamer carrying American or Spanish official dispatches, after war is declared, is liable to seizure must depend upon the facts in the case. No general answer can be given."

Answering the question which Mr. Dalziel gave notice of yesterday of putting today, whether or not steps are to be taken to retain the Spanish torpedo boat Audaz now in dock at Queenstown for repairs in the event of war breaking out before the repairs are completed, so as to prevent a repetition of the Alabama case, Mr. Balfour said that if, as he understood it to be the case, the Audaz is a commissioned Spanish ship of the Spanish navy, it would be contrary to international practice to detain her.

PULLED DOWN THE BLINDS.

Polo Declined to Receive Reporters at Buffalo.

Buffalo, N. Y., April 21.—Ex-Minister Polo Bernabe, with his staff, arrived here at 11 a. m.

Polo absolutely declined to receive reporters, or to allow anyone to enter his car. He even entered his state room, and pulled down the shades. Party left here for Suspension bridge at 12:35.

Zola's Sympathies.

Paris, April 21.—Emile Zola said to the New York World correspondent, concerning the trouble between the United States and Spain:

"My sympathies are with America and Cuba, but I should be sorry to see two great nations involved in bloody war for so small a cause."

When Traveling.

Whether on pleasure bent or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50-cent bottles by all leading druggists. Manufactured by the California Fig Syrup Co.

Private Rooms On Cincinnati Trains.

The Cincinnati express, leaving Chicago daily at 8:15 p. m., via Pennsylvania Short Line, has a Pullman sleeping car, on which passengers may enjoy the exclusiveness afforded by private rooms at hotels. For particulars address H. R. Dering, A. G. P. Agt., 248 South Clark street, Chicago.

Spanish Fours.
London, April 21.—Spanish 4's closed at 32, a net loss of 1½, from yesterday's closing price.
Paris, April 21.—Spanish 4's closed at 33 1/16, against 34½, the closing price of yesterday.

Uncle Sam's Mails

Go East on the Chicago Special—the Burlington's new Denver-Chicago flyer—"the train that brings Chicago a whole day nearer Colorado than it was a year ago."

Look at the time it makes:

Leaves Denver..... 9:20 a. m.
Arrives Omaha..... 11:35 p. m. Same day
Arrives Chicago..... 2:15 p. m. next day

THROUGH CHAIR CAR.
